NIPRO
PHARMAPACKAGING

SMART EFFICIENT SOLUTIONS

**NIPRO GLASS, WORLD CLASS
TUBING FOR AMPOULES & VIALS**

NIPRO PREMIUM GLASS TUBING

A large majority of pharmaceutical companies rely on primary packaging made out of tubular glass to protect their drugs. The quality of the glass tubing is one of the key elements that will define the quality of the final primary packaging.

STATE-OF-THE-ART MANUFACTURING PROCESS

Dimensional and cosmetic inspections are carried out 100% in-line, using automated vision control systems. Moreover, manual inspection comes as a back-up, in order to ensure that all quality parameters are met.

Message from AIGMF President

Last edition of Indian Glass Directory was published in 2012. In view of changes in contact details of members since publication of last edition, the Executive Committee of the AIGMF decided to bring out 2017 edition of Indian Glass Directory on occasion of 5th GLASSPEX and 1st GLASSPRO INDIA events, to update data regarding contact and other details of glass manufacturers and those connected with glass industry.

Members have furnished updated information pertaining to their chief executives, addresses, telephone, fax, email, website, etc., which have been incorporated in Indian Glass Directory. For convenience of users, glass manufactures have been classified under various categories e.g. Manufacturer of Glass Containers including Pharmaceutical Bottles & Vials, Manufacturers of Flat Glass including Float, Sheet, Figured & Wired, Table & Kitchenware, other Glassware including Decorative etc.

Directory also contains information about those connected with glass industry such as suppliers of Machinery & Equipment, Raw Materials & Chemicals, Refractories, Moulds & Spares, and Consultants etc.

Details have also been given about Trade Associations, Export Agencies, Research and Development Institutes, etc.

I am thankful to all those who have given information for inclusion in the Directory as also those who have given advertisement support. We look forward to continuous co-operation of all.

I hope Indian Glass Directory 2017 will serve as a useful reference document for all those seeking information about Indian Glass Industry and its products.

There is always scope for improvement and suggestions are welcome at info@aimf.com ■

Harsha Kadam G.
AIGMF President and CEO AGI glaspac

About

The All India Glass Manufacturers' Federation

The All India Glass Manufacturers' Federation was founded in 1944. The Federation is made up of five Regional Associations viz.

- Eastern India Glass Manufacturers' Association (**EIGMA**)-KOLKATA
- Northern India Glass Manufacturers' Association (**NIGMA**)-HARYANA
- South India Glass Manufacturers' Association (**SIGMA**)-HYDERABAD
- Uttar Pradesh Glass Manufacturers' Syndicate (**UPGMS**)-FIROZABAD and
- Western India Glass Manufacturers' Association (**WIGMA**)-MUMBAI

The Federation was incorporated under the Companies Act, 1956 (No. 1 of 1956) as a Limited Company on 15-6-1970.

The main aims & objectives of the Federation are:-

- To encourage, promote and develop the manufacture of glass articles of all kinds and to safeguard and protect the interests of glass industry and glassware business in India.
- To form a common link amongst Glass Manufacturers' in India and thus develop a spirit of mutual help and co-operation with one another.
- To promote the study and research in Glass Technology.
- To consider all matters relating to the manufacture and marketing of glass articles in India and the question of export and import thereof.
- To devise ways and means for securing necessary supply of raw materials required for the manufacture of glass articles at comparatively lower prices and thus to decrease the cost of production and increase the national wealth.
- To collect necessary information and data and propagate it for the benefit of Glass Industry and trade in India.
- To make representations whenever necessary to the Union Government or any unit of the Union of India for the removal of difficulties that might hamper the trade of glass articles or for grant of special facilities for the Glass Industry.
- To draw Government or public attention to the difficulties in the way of Glass Industry and to solve other problems confronting it and to solicit their help and support through concerted action.
- To organise a united front on behalf of all glass manufacturers and thus strive to gain all those advantages which may not be possible through individual effort.

All those engaged in the manufacture of glass and glass articles are enrolled as **Ordinary Members** of the AIGMF and those associated with the Glass Industry are enrolled as **Affiliate Members** of the Federation.

Almost all glass manufacturers including many in the small scale sector are 'Ordinary' Members of the Federation.

Articles of Association of the AIGMF were amended in September 1992 to enroll foreign companies as Affiliate Members of the Federation ■

Membership of the Federation

Members of the Federation are classified into two categories; manufacturers of primary glass articles are enrolled as **Ordinary Members** of the Federation and suppliers to glass industry viz., suppliers of machinery, raw materials, consultants and others connected with glass industry are enrolled as **Affiliate Members**.

Foreign Companies supplying machinery etc., to glass industry are also enrolled as **Affiliate Members**.

Membership forms can be downloaded from www.aigmf.com/membership.php

Members of the Federation are enrolled on the recommendation of Zonal Associations viz.:

- Eastern India Glass Manufacturers' Association (EIGMA)
- Northern India Glass Manufacturers' Association (NIGMA)
- Southern India Glass Manufacturers' Association (SIGMA)
- Uttar Pradesh Glass Manufacturers' Syndicate (UPGMS)
- Western India Glass Manufacturers' Association (WIGMA)

Admission Fee / Annual Subscription

Ordinary Members:

- Admission fee ₹ 5000 / -
- Annual subscription: Single Unit: ₹ 25,000 + Service Tax as applicable
- More than one Unit: ₹ 1,00,000 + Service Tax as applicable

Affiliate Members:

- Admission fee ₹ 5000 / -
- Annual subscription: ₹ 10,000 + Service Tax as applicable
- Applicants for enrollment for a period of five years may pay a consolidated amount of ₹ 45,000 (including admission fee) + Service Tax as applicable

Affiliate Members from countries other than India:

- Admission fee US \$ 200
- Annual subscription: US \$ 400 + Service Tax as applicable
- Applicants for enrollment for a period of five years may pay a consolidated amount of US \$ 1500 (including admission fee) + Service Tax as applicable ■

Piramal Glass

knowledge action care

INDIA . USA . SRI LANKA

Packaging solutions in pharmaceuticals, perfumes, cosmetics, skin care, beverage and food containers.

Providing turnkey solutions for glass packaging in India and now around the globe, Piramal Glass Limited caters to almost 90% of the leading pharmaceutical, cosmetic and perfume brands in India. It is the first Indian multinational in this category with manufacturing facilities in India, Sri Lanka and USA, with marketing offices in Mumbai, New York, London, Paris, Sao Paulo and Colombo.

Being a leader in flaconnage for the pharmaceutical and cosmetics industries, Piramal Glass Ltd. in 2005 acquired the perfumery business of Glass Group Inc (PGL), in the US and jumped to being ranked among the top five flaconnage manufacturers in the world with a turn over of 270 million dollars with almost 2/3rd of its sale in export markets.

PGL has invested substantially in resources like advanced machinery, qualified and competent human resources, industrial design studio that seeks to have a finger on the pulse of global trends, mould design and tooling units which have paid off handsomely, and has lead to PGL being globally recognized as a leading player in the glass container industry.

PGL is now poised towards making a mark in the future in the prestige and premium segments of the cosmetic and perfume packaging world.

PATTERNED GLASS. THE NEXT BIG THING IN INTERIORS.

Decorative glass is a translucent glass with patterns on one side and plain on the other. It is being widely used in stylish homes and commercial establishments, now temperable also. Renowned designers are using it for many decorative purposes with great effect. It typically obscures a view without any loss of natural or artificial light. It also diffuses the internal lighting making for a soft effect in the interiors.

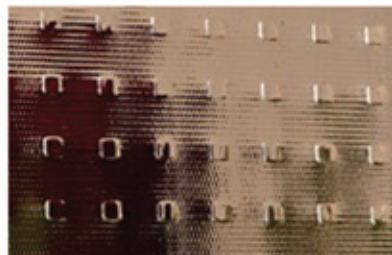

Triveni Glass Limited manufactures the widest range of Decorative Glass.

Mr. M.D. Farooq, the founder of Umda Engineering, brings to the table more than 35 years of expertise in the manufacturing industry. Starting from humble beginnings, today more than 350 of Mr. Farooq's Lehr machines are successfully installed around the world.

Mr. Farooq is best recognised as one of the co-founders of TNF Engineering, a company known across the industry as not only the leading manufacturers of Metallic Wire Conveyor and Lehr belts but also of Glass Plant Equipment. This mantle of superior performance and expertise has now been passed on to Umda Engineering.

SOMANY CONFERENCE HALL

at  office

"Somany Conference Hall" can accommodate 18- 20 people.

Hall is equipped with 43" Smart Wi-Fi TV, Computer work station and
other basic facilities.

**AIGMF members can avail Hall for business meetings (at no charge) which could be planned
between 10 am to 5 pm, Monday to Friday and 10 am to 2 pm on Saturdays.**

Booking is however subject to its availability on a working day.

Request for booking may be sent at info@aigmf.com

Kañch (Glass) is quarterly Journal of The All India Glass Manufacturers' Federation (AIGMF).

It has a wide circulation both in print and electronic medium. This is the only magazine which reaches all glass manufacturers and others connected with glass industry in India. It helps all concerned in remaining connected with the Industry.

Kañch

Advertise in

is the leading choice for advertising in the glass and related industries. With several years of publishing experience, unrivalled coverage for the worldwide glass manufacturing community with up-to-date news, editorial and features, as well as exhibitions; KANCH is the best medium to communicate with stakeholders.

We understand your needs as an industry and are committed to assist you in making your advertising most profitable. This also popularises your brand and product portfolio by establishing contacts to suit your company's requirements.

Good quality advertisement material along with a Cheque of the requisite amount payable to 'The All India Glass Manufacturers' Federation' at New Delhi may be sent to Secretary AIGMF at the registered office of the Federation.

It would be ideal if you could send your advertisement in PDF high resolution format (with auto enabled e-mail ID/website address, if any) helping readers to reach you directly

on a single click in KANCH's e-version / AIGMF website.

A complimentary copy of KANCH along with the invoice will be sent to all advertisers. Those wanting more than one copy are requested to send their request in advance.

For convenience, payment can also be remitted through wire transfer. Our bank details are as under:

Remittance from Abroad to:

Bank of Baroda, New York, SWIFT BIC:

BARBUS33, FEDWIRE/ROUTING

BOROSIL®

7.5% MORE POWER

with **BOROSIL® SolarBurst Glass**

ISO 9001:2008
ISO 14001:2004
BS OHSAS 18001:2007

MYTH OF ANTIMONY ESSENTIALITY FOR SOLAR GLASS DEBUNKED

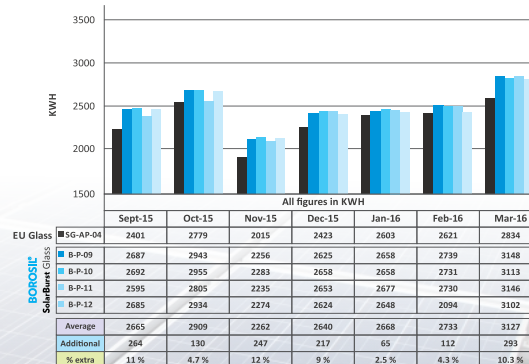

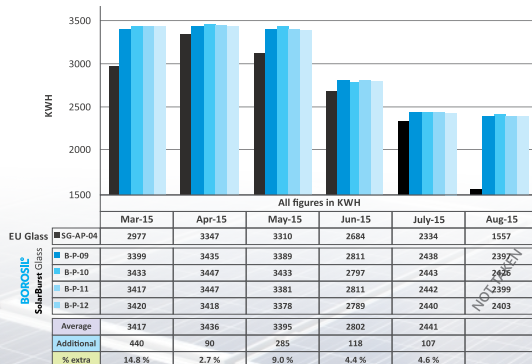

Test certificate from SPF, Rapperswil Switezerland proves
ANTIMONY FREE SOLAR GLASS to be the highest
performer being manufactured in the world today
with a Glass efficiency value of 0.952

Field trials support laboratory results :

R & D Installation at our warehouse rooftop in Gujarat, India

Field results conclusively prove that modules made with **BOROSIL® SolarBurst Glass** have consistently outperformed modules made with glass from the leading European producer. Over a period of 12 months, clusters of 96 modules placed side by side in our rooftop R&D installation has yielded the results shown below. All modules were made by EMMVEE Photovoltaic Power Pvt. Ltd. at the same time using identical components. These results are automatically posted online and in the public domain.

	European Glass	BOROSIL® SolarBurst Glass	Extra Power	
			KWH	%
Total Power per inverter	32078	34496	2418	7.5%

TOXICITY – Solar glass completely free from toxic Antimony and Arsenic. Borosil solar glass is truly green and environment friendly

Gujarat Borosil Ltd.

Corporate Office : 1101, Crescenzo, G-Block, Opp. MCA Club, Bandra Kurla Complex, Bandra (E), Mumbai - 400 051, India.

T +91 22 6740 6300 F +91 22 6740 6514 E borosil@borosil.com W www.borosil.com

Best performance assured by :

- High resistance to PID**
A high degree of resistance to Potential Induced Degradation (PID) is built into the glass. Tests conducted by the Photovoltaic Institute in Berlin have demonstrated that glass from Borosil is the most resistant to PID as compared to the product from other leading manufacturers.
- High Chemical Durability**
Chemical durability of our antimony-free glass is 6.7 ml vs. an average of 8.6ml for other solar glasses, as measured in tests laid down by USP.
- Lowest Iron Content**
With an iron content of less than 80 ppm, antimony-free glass is the lowest iron contentsolar glass in the world.
- Antireflective coating**
Light transmission and performance durability certified by TUV Rheinland, Netherlands
Light transmission > 93.5 ~ 94% for single side AR coated glass
Cost effective model that achieves a balance between optimal light transmission gain and coating durability
Smooth and uniform surface morphology ensures a seamless contact surface and hydrophobic characteristics

Products Manufactured: Professional

Services to the Glass Industries

Established in 1996 to render professional services to worldwide under the leadership of Mr. Tony Kirkham, U.K. citizen internationally reputed in the field for more than three decades. Supported by team of highly trained personnel. Following is the services for glass melting furnace

- Controlled Furnace Heat Up & Supervision of Adjustments for Refractory Expansion
- Rapid Cullet Filling Using Specialized Equipments
- Controlled Furnace Cooldown &

Heat Technologies Pvt. Ltd.

We Provide Complete Glass Furnaces Solution

Wings Stretched :

INDIA, SAUDI ARABIA, CHINA, GERMANY, VENEZUELA, RUSSIA, PHILIPPINES,
VIETNAM, INDONESIA, MALAYSIA, TANZANIA, OMAN, QATAR, EGYPT, KUWAIT,
DUBAI, LEBANON, SRI LANKA, PAKISTAN, ZAMBIA, IRAN, KENYA, BANGLADESH

GLASS FURNACE

- HEATING OF FURNACE USING HIGH VELOCITY OIL/GAS BURNER
- EXPANSION CONTROL & CULLET FILL.
- REGENERATOR DE-CONGESTION
- DRILLING & DRAIN
- BOOSTER/ELECTRODE INSTALATION
- HOT / COLD REPAIR OF FURNACE
- SUPPLY OF SKILLED MESON FOR FURNACE RELATED WORKS
- SUPPLY FOR SUPERVISOR FOR FURNACE CONSTRUCTION.
- DEMOLISH / REBUILD OF FURNACE
- CONSTRUCTION OF NEW FURNACE
- STEEL FABRICATION AND CONSTRUCTION
- MAIN BURNER OPERATIONS
- TROUBLESHOOTING

297/1, G.I.D.C., B/h. New Telephone Exchange, Makarpura, Vadodara-390 010. (Gujarat) India.

Phone : 9824011380 Telefax : 0265-2656988 / 6940016

E-Mail: info@heattechnologies.com, Website: www.heattechnologies.com

- Supervision of Adjustments for Refractory Contraction and Repaid Cooldown by Using Specialized Equipments
- Thermal Decongestion of Choked Regenerators
- High Speed Glass Draining Using High Pressure Pump and Specialized Equipment
- Drilling Hot / Cold Condition for Installation of Thermocouple / Bubbler / Electrodes.
- Supply And Commissioning of Combustion Equipments for Various Glass Furnaces
- Glass to Glass – Turnkey Project Including Drain, Cooldown, Demolition, Rebuild, Heat- Up, Cullet Fill

34. HEAT TECHNOLOGIES PVT. LTD.

The Backbone for Glass Manufacturers

■ Turnkey Projects for glass plants involving:

- Selection of site
- Plant layout
- Furnace design, selection of refractory & steel structure
- Furnace building, commissioning & maintenance
- Selection & commissioning of combustion system, instrumentation & allied equipment
- Selection of raw material
- Designing of fully automatic batch house and cullet handling system.
- Selection, installation and commissioning of production machinery and annealing lehrs
- Installation and commissioning of quality control equipment and packing machinery

■ Furnace design, building, maintenance, modification and modernization

■ Conversion of combustion system

■ Furnace audits for reducing fuel consumption and predicting furnace life

■ Energy efficiency improvement using mathematical models

The vision of Glacera is to apply the latest technology and its rich experience in the field of glass manufacturing towards building energy efficient and eco-friendly glass melting furnaces and provide maximum value to its customers.

40 Years of Support for the Glass Industry

AMCET

Sanli Engineering Co.

Lehrs, Ovens & Conveyor System

Customized Heat Treatment Solutions for
Food Processing Industries Glass, Ceramic, Automobile
and other **Process Applications.**

Product Range:

- Annealing & Decorating lehrs upto 5500mm width
- Tempering lehrs\ovens
- Food Conveyor System
- Cold and conveyor system(single liner)
- Shrink wrap machine
- Palletizers
- Batch plant equipment
- Conveying and handling equipment
- We also expertise in Modifications, repairs or renovation of lehrs and ovens to enhance production capacity and lower energy consumption.

Factory:
Plot No. 337, 338, 355,
GIDC, Manjusar Village,
Savali, Vadodara,
Gujarat-390002, India.
